

## Pure enjoyment with analytically pure laboratory glassware.

Whether brewing beer or in the laboratory, hygienic conditions make your work a pleasure.

deconex® cleaners offer a sure formula for success: residue-free glassware for quality control, microbiology or for tastings.

### The benefits of deconex®

#### Reliable and safe

- Effectively removes residues
- No interference with analytical parameters
- Does not affect foaming characteristics

#### Economical

- Economical to use
- Efficient
- Excellent cleaning performance

#### Satisfaction guaranteed

- No perfume
- No dyes
- No surfactants

deconex®

The perfect solution for research, industry and education.

Achieve perfect, error-free results with residue-free cleaning. Use deconex® cleaners for processes excluding external influences on the descriptive and analytical parameters, such as taste, smell, appearance (colour and turbidity), foaming characteristics, alcohol content, level of carbonation (which determines how light the beer is) and other values.

### Which of your processes need residue-free cleaning?

#### Quality control

Laboratory glassware

#### Microbiology

Laboratory glassware

#### Tasting

Tasting glassware

### Targets for cleaning results

Analytically pure laboratory glassware and no interference from residues.

Removal of stubborn residues like culture media.

The glassware is absolutely odorless and free of soap.

### Which cleaning procedure do you prefer?

#### Manual cleaning – we recommend:

##### deconex® 12 BASIC

With excellent cleaning performance in immersion or ultrasonic baths, it has a wide range of applications, including precision glassware such as cuvettes. It has no perfume or dye and is also suitable for beer analysis devices.

#### Automated cleaning – we recommend:

##### deconex® 22 HPF-x

A phosphate-free alkaline cleaner with outstanding performance.

+ deconex® 25 ORGANACID (phosphate-free neutralizer)

##### deconex® 21 LAB CLF

Particularly gentle on glass.

+ deconex® 25 ORGANACID

Beer-lovers trust their favourite brand of beer. Famous breweries around the world trust deconex®.
